From the Editor:

First off, let me apologize for the lateness of this issue; there are a number of reasons, but it shouldn't happen again.

This month, we've got results from a few state championships: Michigan, Virginia and Washington, plus the Canadian Championship results.

I'll delay publication of next month's edition so as to include the results of the 2002 Nationals.

One big change from past issues is that I've been instructed by AAFTA to stop sending copies to subscribers whose subscriptions have expired. We are going to try to go to a twice-yearly renewal process, which will make it easier for us at AAFTA to manage subscriptions and also make it easier for subscribers by adopting some kind of renewal notice. The details will be discussed and finalized at the Nationals, and I'll explain the new policies and procedures here. Until then, check the mailing label of your last issue to find your expiration date. Sorry to have to cut folks off, but with nearly half of our subscriber list past their expiration date, drastic measures have to be taken.

Good luck to everyone at the Nationals; travel safely, and enjoy the match. Wish I was joining you!

Shoot straight and enjoy the issue.

Jay

## 2002 Michigan State Championship

Even though the weather forecast called for clearing skies, mother nature proved to be as challenging as the course for WWCCA's 2002 state championship match. While the course was more difficult than our normal monthly venue, the drizzle that dampened our bodies, did little to dampen the spirit of the 18 shooters who attended this match. Seasoned competitors from Indiana, and Tennessee joined the Michigan group to compete for our state championship 80 shot match. An early lunch break had everyone inside to get dried off, and fill their tummies with bratwurst, corn on the cob, potato salad, chips and cookies. After lunch, the rain stopped, but dark skies kept us wondering what else mother nature had in store for us. As it turned out, she held off additional rain, but the darkness made the targets very difficult to see and range find.

We also had the pleasure of a visit from long time friend Lou Vankoevering, who was unable to compete due to health problems, but did manage to get in a lot of shooting, with his 35mm camera and his many stories of days gone by. He should have some great photos to share, thanks Lou !!

Some very impressive scores were recorded, of particular interest was that of Dan Kleiner with a score of 72 out of a possible 80 with his TX-200 !! Our open class champion is Eric Moe. PCP class champion is Phil Herman. Spring gun class champion is Dan Kleiner. These competitors are the 2002 Michigan state champions. Our congratulations to all of them !!

**BAGA - Badgerland AirGun Association**  
**Field Target Match**  
**August 17, 2002**

Another great day at BAGA for our monthly match. The temps hovered in the 80's and, thanks to our draught, there were no bugs to be found anywhere. The wooded course did offer some relief from the sun and heat and the shade was appreciated by all. Of course, some of the lanes still caused beads of sweat to appear, but that wasn't due to the heat, but rather from a few of the challenging shots. The final course preparations were made prior to match start and we shot the "Back Course", for a total of 52 shots.

The match scores again represent the diversity of our shooters as well as the improvement of many new shooters. Congratulations to Allen Zasadny for his win. Again congrats to Brandon Carrol for another First Place win in the Piston class, again with his R-1. We continue to see Terry Peterson doing well in the Chair Class and we have had other interest by medically challenged shooters who have yet to join Terry in this specialized class. Once we have a couple more shooters in this class, we will award them on the local level as well.

Awards were presented at the conclusion of the event and as usual we enjoyed snacks and drinks provided by Ron Weber. Thanks again to all the members for their help and donations. Our next match will be the Badgerland Regionals to be held on Saturday/Sunday, September 14-15, 2002.

Congratulations to all winners.

## BLUEGRASS AIRGUN CLUB NEWS

Greetings from Wilmore, Kentucky. This is the new home of the Bluegrass Airgun Club. We are now a Division of the Bluegrass Sportsmens League located on 1400 acres atop the Kentucky River palisades. Our area consists of several acres with a 200 year old dry laid stone wall between open fields for our zero range and deep woods for serious FT competition. The zero range has four FT lanes (including a stander) with three targets each, in a small clump of woods right next to the open part. It is here that many of our monthly shoots occur because of its convenience. If there is a good turnout or if we have out of town guests, we select the best of the 25 woods lanes we maintain and have some truly challenging matches.

Many have asked if we plan a regional shoot this year , and the answer is “no” as construction work and deer season collide with no time between. As of today (27 Aug) we have the ¼ mile road to the range graded and spread with #2s. The 60’ covered firing range has been graded and four corner posts set. But there is still too much to be done. Next season is a certainty – pig roast and all.

Below are the results of our August shoot consisting of 20 shots The sky was threatening all day and really opened up as we were taking our last shots. Fortunately we had eaten our usual fare of venison (Robert is cleaning out his refrigerator) and potato salad and beans supplied by Shela Warhorse before the deluge.

Come join us on the third Sunday of each month. Steve Cox.

# Canadian Championships - August 10 & 11, 2002

## Waterloo Field Target Club      Written by Tim MacSweyn

There was plenty of sunshine on a couple of fairly typical August days in Southern Ontario. The temperature ranged from the mid to upper 80s and the wind increased with the heat. We had an even dozen shooters show up for the match, including 3 American shooters who fit in quickly and very well.

We headed out to the lanes at 11:00 Am on Saturday and many shooters were shooting clean or very close to it. The Red Course on Saturday was the easier of the two days. The scores showed this, as Billy shot clean on the day, Brian and Dennis dropped one and a total of 6 shooters dropped 4 or less. There was one windy lane out in a field that accounted for many of the missed shots. The hit percent on the day was over 85%.

After the Red Course on Saturday, we stuffed ourselves with Pizza and then headed to the Range for our Buffalo hunt. The target was a silhouette of a Buffalo and we were shown the Plexiglas scoring mask before we shot. We had to remember where the 10 spot of about 1" diameter was and try to put the pellets in that spot. The best five of 8 shots counted. The wind was variable and very unpredictable. It could blow your shot left or right, up or down. Mike Ferrara shot a 47/50 in the first round of 3 shooters to set a very high standard. George Harde with his TX tied him, but Brian nipped him by one point to win the Buffalo Hunt. He took home a Combro Chronograph in a wood box that was custom made by Hans Bormann.

On Sunday it did not take long on the White to see it was going to be a tougher day. There were small kill zones at close range, small KZs at medium range and full KZs at long range on windy lanes. The hit percentage fell to just under 75%. The wind, the small kill zones and mental errors affected everyone, but they affected Brian the least. He made very few mental errors and played the wind well. He dropped only 4 shots on the day to come up with an impressive two-day total of 113/118 to win the match. He chose the cannon that Hans made by hand out of brass. This was an impressive prize and the smile on Brian's face showed it. Dennis dropped only 5 on the day, the last one was his own .25" KZ target, to drop him out of a tie with Brian. He finished in second with a 112/118 and chose a Hans-made brass and wood TX200 that was mounted on a plaque. Billy had some trouble with some of the targets and dropped 7 on the day to finish with a 111/118 to take third and one of Hans' custom made flip-up/flip down targets. The remainder of the shooters went up in order to choose their prize and all came away with something for their efforts. George Hamilton donated some prizes to the table and many thanks to him for his prizes and for his promotion of our Championships in US over the last few years.

This was one of the most closely contested championship matches we have had. The American shooters added a new dimension to the match and gave George Hamilton some company from home. There were quite a few lanes where the terrain dictated a sitting shot and the leaning shots from the standing position proved more difficult than many expected. I didn't shoot as well as I wanted to, but came away with the satisfaction that I had participated in a great match, enjoyed good company and made some new friends. I can't ask for more than that.

\* After shoot-offs

Yes, that time of year has come around once again, when Ed slaps on the Rambo gear and goes off in search of Bambi, I don't know if he had better luck than last year, but I am sure he will let us know if he did well! We also had a bit of a challenge for our setup, apparently the Range master had just got back from vacation, and had mistakenly double booked our space with a police qualifying falling plate course, reducing our space down somewhat - but on the brighter side, we still managed to set up a thirty two shot course, and there was very little walking from one lane to the next!

The odd thing that happened at the match was the shoot-off for open class. Peter wasn't very keen on getting his gear back out shoot it, so Ron offered to take his place, as he had shot the same score (but in Spring class!) Scott said ok, and they both took two shots at the fifty-one yard target, both missed in the first time around, but Ron hit it once in the second attempt, thereby awarding Peter with first place in open class! New shooter Mike had a shoot-off against George using the same target for spring gun class, interestingly enough, both using 6-18 Bushnell scopes, both got the second highest score of the day, oh and George used his .22!

A very hot summers day saw a smaller turnout, obviously the saner amongst us opted to stick with the air conditioning! Joe did his usual diabolical best, as you can see, there were no shoot-off and no one came close to clearing it, but a lot of fun was had, as usual!

----------------	--------	-----------	---------	-----	--

Beautiful summer weather with not much wind, which is probably the reason that the top scores in this 72 shot match were a bit higher than in the June match although the match difficulty distribution was almost the same. Average difficulty of this match was 24.1T.

If you have any unsuspecting juniors within reach, volunteer them to shoot with us in the next match! We will find a gun and good company for them, no problem. Scoring will be: two points for a falling target and one point for a face plate hit. As you all will hopefully understand, I cannot supply ALL the juniors for our matches; you should bring some too! As this was ALL the shooters FIRST "official" match, the course was laid out with an average difficulty factor of 21.5. This match was scored with target knockdowns only - no points were given for "hitting" the target face.

The weather was perfect for shooting this AM. Temps in the low 70's with just a hint of a breeze. Quite a change from the high 90's we've had. No springer shooters showed up. Hopefully more shooters will come out as the word spreads.

## Match Results - 07/28/02 Course Score 36

The weather was warm but cloud cover limited the sun's effects. This week the course's difficulty rating was increased by over 25% AND kneeling and standing shots were added. None of the shooters had experienced kneeling or standing field target shots before as you can see by the scores. Very challenging!

## Match Results - 08/17/02 Course Score 36

Division	Shooter	Score	Gun	Scope	Pellets

Unl.Open	Rick Krystof	17	Falcon FN19	B&L Elite 8x32	-CHP
Std.Piston	Darry Hartstock	12	R-9		

Today's match was quite a challenge. Originally set up as a 26 difficulty factor, a storm front moving in with high wind gusts and swirling winds increased the difficulty level to 42. We were in over our heads. This was only our 2nd exposure to the dreaded kneeling and offhand shots and now we had wind gusts that made standing still a challenge. I saw some outstanding shooting by Darry Hartstock using an R-9, hold over and under, AND shooting about 65% - 70% of the course offhand. When Darry gets his PCP he will be a force to be reckoned with! Hearty Congrats to Eric Krystof for High Score AGAIN!

## Dominion Airgun and Field Target Club

The Virginia State Field Target Match was held Sept. 14&15 at the DAFTC range in Lacey Spring , Va. We had a total of 18 shooters present for the occasion. Saturday was a pleasant but Breezy to windy day. The temperature was about perfect for a shoot. Sunday gave us an almost constant light rain through the match. This course was a tough one with 8 shots rated 50 to 80 on the Troyer scale. The course was rated 31.83 with out the wind . We also had a lot of low light shots. To everyone that did not make the shoot we are sorry you didn't make it. Everyone is always invited to come and join in on the fun. We also wish to say that this is the toughest range that you will ever enjoy. After the match was over and before the awards were given. Door prizes donated by George Hamilton and some of our area businesses were given away and a lot of fun was had by all. Plaques were awarded for first place and trophies for 2nd. and 3rd. in all classes.

## 2002 Washington State Championships

Hello everyone, This was the second year that our club has hosted the Washington State Championships and it almost doubled in size over last year. We all are very excited about this.

I was elated to hear (and see on the forum) so many wonderful comments about our club, facility, and members. These comments keep our spirits up and gives us our 'pay' for the hours of work that goes into running a match. We are all still talking about Dee 'the Chef' Shuster, who put on a great teryaki chicken BBQ. Well worth the price of admission.

I would like to give thanks to all the competitors that shot in our match. We had three shooters from California (Alan Otsuka, Bob Winer and Scott Winslow) one from Oregon (Ray Geren) one from the dry half of our state (Dottie Berry) as well as Joe Korick from the bottom of our state. In addition to these shooters we had a nice group of more local people some of whom were first time shooters that had such a great time that they are going to return as regulars to our club.

So a big group hug and thank you to all of the people that attended our match.

The breakdown was as follows....

<b>Open Class</b>	<b>Gun</b>	<b>Scope</b>	<b>Pellet</b>
1 55/60 Bob Winer (shoot off)	Steyr ZMLG100	Bushnell 8-32x	CPH
2 55/60 Alan Otsuka	AA Pro Target	BSA 10-50x	CPH
3 54/60 Joe Korick	Daystate CRX	BSA 10-50x	CPH
4 51/60 Dottie Berry	FWB P70 Korick	Burris 8-32x	FT specials
5 49/60 Dave Gere	FWB P70jr Korick	BSA 10-50x	CPH
5 49/60 Lloyd Marquardt	ZM2002	Burris 8-32x	CPH

7 46/60 Michael Reynolds	Daystate Harrier	BSA 10-50x	CPH
8 30/60 Kyle McCormack	FWB P70jr Korick	Burris 8-32x	Ramjets
9 14/60 John Mickel	Sports Match GC-2	Tasco 10-40x	CPH

<b>Piston Class</b>	<b>Gun</b>	<b>Scope</b>	<b>Pellet</b>
1 46/60 Steve Hanson	HW97	Bush. 6-24x	14.3 CP
2 36/60 Charly Bussom	AA TX200SR	Simmons 6-18x	Superdome
3 33/60 Jim Benson	HW97	B/L 4000 6-24x	CPL
4 18/60 Bruce Olsen	HW97		
5 17/60 Ray Geren	HW97K	Bush. 4-12x	Superdome

### High Senior:

Bob Winer See info above

For Youth and Hunter class we used a different scoring system. 2 points for a knock down and one point for a metal hit.

<b>Youth Class</b>	<b>Gun</b>	<b>Scope</b>	<b>Pellet</b>
1 82/120 Alan Hanson	Park RH93	BSA	CPL
2 77/120 Sean Semann	Beeman R-11		
3 35/120 Jessica Bokor	FH 500	4-20x	Lasers

<b>Hunter Class</b>	<b>Gun</b>	<b>Scope</b>	<b>Pellet</b>
1 71/120 Paul Bokor	R-9	Banner 4-12x	CPL
2 64/120 Stephanie Bokor	R-7	Banner 4-12x	B/S diablo

We had several first time shooters who came to a 'big match' and had a great time. It was really nice to have 3 youths out shooting with us, because they are the future of our sport. All in all we had 20 shooters all of them great sports and fun people to be around. I look forward to putting on next years match.....hmmmm maybe something with Regionals in the name :)

# AA Field Target Match

## August 17, 2002

### Back with a vengeance! by Kevin Allen

The hard work behind us, it was time to get back down to knocking over some critters. The pine bark beetles that plagued our range are now a thing of the past and the wrath of the clear cutting operation to get rid of them was wholesale devastation of the trees and landscape where we shoot. Only one thing left to do in a situation like that. Grab your work boots and bring a shovel! The new chipper has made piles of sawdust amongst the downed trees and scrub. We are finding plenty of new places to hide our targets and the matches are underway once again.

Ken Hughes has been on fire! We're shooting in the wind again, and it's showing off his prowess to it's best degree. While all of us seems to be settling in Ken is ready and raring to go showing us how it's done. Great work Ken!

The smiles were on everyone's faces welcoming back friends and neighbors like Robert Crocker and Roz Sumpter. Dave Simpson made it out and brought a new friend, Eddie Faulkner, that we hope to be seeing much more of in the near future. We hope to welcome back more of our neighbors in the coming months as things gear up for the Nationals in October. If you have been wanting to try us out or are an old face that has been absent recently, come on out! We'd love to have you.
