## **Match Announcement 2021 AAFTA National Field Target Championships**

I believe we can all feel confident we will have won the battle with the Virus by next fall, so I'm very glad to announce the 2021 AAFTA National Field Target Championships will be held Oct 15<sup>th</sup>, 16<sup>th</sup>, and 17<sup>th</sup> in Morro Bay CA. The address is 3270 Gilardi Rd, San Luis Obispo, CA 93405.

<https://www.google.com/maps/place/3270+Gilardi+Rd/@35.3437192,-120.7619792,943m/data=!3m1!1e3!4m6!3m5!1s0x80e451b24445cf:0x5b030808b95da8a3!4b1!8m2!3d35.3456139!4d-120.7663673>

More info and online registration can be done on our website <https://airgunoregon.com/>

As you enter coming off Cabrillo Hwy 1, bear to the right on Gilardi rd and go about ½ mile, then turn left at the power substation. Follow that road, bearing to the right again. The match will be held at the range at the end of that road. There will be signs to follow as well. Please also plan to practice "social distancing" at all times even though we should be to herd immunity by that time, some might not be there still.

Please check in as soon as you arrive and finish your registration if it has not been done already. Bring your pistol and rifle kits so we can approve them. Then you may proceed to the site in range if you wish. Check in will start at 7am on Friday the 15<sup>th</sup>. The site in range will be open from 7 am until dark except for times we might need to go down range to work on the course. We will try hard to have the course totally done before Friday, so the site in can be open all day Friday. Saturday & Sunday mornings site in will open from 7am. To 9:30am.

The Pistol match will start at 3:00pm on Friday afternoon with the safety meeting at 2:45.

Saturday's Rifle match will start at 10am with the safety meeting at 9:30, allowing time after the meeting for competitors to get to their assigned lanes. We'll have at least 15 lanes on two courses depending on number competitors. We might have to have a "resting lane" in addition to the on course FPE testing lanes. Keep your air guns tuned under the limits of 12 and 20fpe so you are not disqualified. AAFTA allows up to 2% over, but don't try to test it. That's to adjust for differences in elevation and cronies. Act with courtesy, keep quiet while others are shooting, and give a "well done" with hits especially when scoring to let the shooter know you know they hit it. Again, please also practice "social distancing" at all times. Masks might also be necessary at that time still.

The lunches after the matches will be catered and we will want you to spread out while getting your plate and sitting at tables. Lunch should be ready when you finish shooting Saturday and Sunday.

The annual AAFTA board meeting will be Saturday at 3:00pm. The auction will follow at around 4pm.

Sunday's Rifle match will start at 9:30 with the safety meeting at 9am allowing more time in the afternoon for awards and an earlier departure for those traveling. We hope to be done with the match and lunch by 1 or 2pm. Awards should start about 2 or 3pm on Sunday.

I'll post more info as we progress about the food and best places to stay. Limited Camping is available on site for the first 18 registered competitors. If interested email me to secure a spot. I think there is about 6 spots with power hook up and 12 or so dry camping spots. There are two flush toilets on site and we'll have a few more out houses spread out on the course. If we win the battle with the virus, we will also have meals for campers in the morning and evening if you choose the "Campers Meal package" at check out.

Teams can be formed with as many as 6 competitors, but 5 must be picked to count for competing at least 24 hours before Friday's pistol match. Only 4 of the 5 competitor's scores count, but one of the competitors has to be from a piston class, and their score will have to be counted in the 4 counting scores. At least one of the 4 counting competitors must compete in the Pistol competition. One pistol score will be added to the scoring total.

Wayne Burns

Match Director, 2021 AAFTA National Field Target Championships
