

# BCSA May 8 Match Results

Well, the weather was rather interesting for our second match of the season! It started out windy with a light rain during our practice session which was ok because it provided time for a little air gunsmithing in the club house.

We had 3 local shooters and 1 die hard long distance traveler on hand to shoot the match. By the time the match started, the sun came out and the wind started to blow! We had strong winds with some even stronger gusts throughout the match. No reducers were used which made things a little easier but definitely not easy! The winner of the Noteworthy Targets turtle swinger was Art D. (who chose to make the long trip in the SUV rather than on the bike). Congrats Art!
