

## Broome County Sportsmens Association (BCSA) 10/5/2013 Field Target Match Report

A very chilly fall like day for a field target match! The temperature upon arrival was right around 24 degrees! NO. wait a second.....that was what it was like last year! The weather for this match was more like a mid summers day. The day was overcast with only the tiniest bit of a breeze. Temperatures started in the low 60's and rose to the low 70's. What made it feel like summer was the high humidity throughout the day! Definitely a sticky day!

We had a very good turnout with 21 shooters coming out to enjoy the day for our last match of the 2013 season. It makes everything right when after all the match prep cars and shooters roll in from all over! Art Deuel was the first to arrive and jumped right in giving my wife Pat and I a hand pulling strings and setting up the sight in range.

After the sight in portion and the normal pre match chit chat, that range was cleaned up and we headed over to the field target range. The course was set to a 28.7T difficulty and included a standing and a kneeling lane. We use 10 lanes with 3 targets per lane for a 60 shot match. We had a brief shooters meeting and the match was underway. The rifle portion of the match went off without a hitch..... well except for our bird in the well target that decided to give Harold Schaefer a little problem. Harold was the last shooter to shoot that lane and the swivel decided to get stuck on the wood in front of the well and hold up the target and not let it fall. Well, that was a new issue that will surely never happen again!

Two of our Junior shooters, both 14 years old, were back to battle it out for the Junior title. This time it was a reversal from the last match with Nic Gregoris winning over Lydia Durant. So far, they have each won one. Guess we will have to wait till next year to see how this plays out!

Once the rifle match was over, I brought out some Birthday cake! There are a bunch of us that celebrate our Birthday's in October, plus there is never a bad excuse to have cake!

After everyone got their sugar fix, we awarded the winners from the rifle match and reset the range for the pistol/offhand/whatever match.

18 of the Shooters stayed to participate in the pistol match. 2 Shot Open pistol, 8 shot Hunter pistol and the rest of us shot all different ways. The course was set up with the same 10 lanes with 3 targets per lane. A half a dozen targets were adjusted to bring them into pistol range. The pistol shooters were shooting the 2 closest targets (for a 40 shot match) and all the rest of us were shooting whichever targets we wanted to. Awards were only given to the pistol shooters so the rest of us were just shooting for fun, practice or just trying something different. Of the non-pistol shooters, Jerry, Hans, Nathan and Ray shot standing, Hector and Veronika shot either standing or kneeling, Tom Wade went through the revamped course shooting hunter and I opted to give WFTF a shot. Again, no target issues!

After the pistol match, awards were handed out and everyone jumped in to lend a helping hand with tear down! All the help the shooters have provided this season has been greatly appreciated! It definitely makes putting on these matches worthwhile. Thanks to all of you!!!

Now on to the course layouts and the results! Thanks again to everyone and we'll see you in 2014!!!
