

BFTC 3rd Annual Awards Match – May 21, 2017

We had cloudy skies and mild temperatures, making for a pleasant day of shooting Field Target. Like last month, the wind added a significant “fun factor” for the long shots on the front 7 lanes.

We held the Award Ceremony after the Rifle match since only 5 of us were brave enough to stick around with news of impending rain for the Pistol match, which luckily we managed to finish just as light rain started to come down.

The trophies for this year were donated by Don Carmack & Bob Pacatte, and the all-metal design was nicer than I anticipated (enough to keep the few of us around to shoot Pistol)... Great job Don & Bob. Thanks!

We had two new shooters hosted by Bob Pacatte: Ricky & Myranda... Welcome to our club!

Congratulations to Ron for his 53/60 score on a reasonably challenging rifle course, and to Robert for breaking out his TM-1000 with a strong 45/60 in WFTF PCP.

Many thanks to all in attendance, for the help and continued support of our club. I think I speak for all when I say we had a real nice time!

Leo Duran – BFTC Match Director
