

California State Championship Results

November 14, 2009

Here is the official results for the 2009 California State Match. I am missing some of the shooter equipment specs because the score cards were not filled out completely by some shooters.

We had a good turnout with 23 shooters in 3 official classes. The weather was near perfect but for some wind gusts on Sunday. One shooter "Crazy Wayne Burns" drove all the way from Ashland Oregon to join us.

Congratulations to Kevin Yee (PCP), Jonathan Reyes (Spring) and Ron Easton (INT) all from Northern California on a clean sweep for first place trophies.
