

## DIFTA Field Target Results for October 16, 2016, Damascus, MD

Great shooting with everybody at DIFTA on the 16th. The weather was terrific, and so was the company.

Paolo laid out an entertaining, if somewhat sadistic, 72-shot course for us across 12 lanes, with one offhand and one kneeling lane. Average difficulty was 26.6T, with the toughest target a 42T half-incher at 21 yards.

We consolidated our Hunter shooters and our bumbag shooters. Congratulations to match high scorer Dean Mihalovits, and to division winners William Myers and Keith Knoblauch. Nice shooting!

AI DNF'ed because his trigger fell off after ten lanes! I would have been happy with that score for all 12 lanes!
