

# DIFTA September 18 Match Results

Another fantastic day to shoot FT! Even with what seems like an endless process of hurricanes (and "him"ricanes) moving (generally) through the Caribbean and up the Atlantic, they have all missed landfall in the Mid-Atlantic states (and, specifically, Maryland). Wind was about as minimal as I have ever seen it at DIFTA; the temperatures were ideal (IMHO).

We had 23 shooters for this last regular match before the Nationals on October 16 at 17. I heard someone asking if there was a "regular" match scheduled for October! If one considers a 120-shot, 90-person match a "regular" match, then "Yes Virginia, there is a "regular" match." There is a "Fun" match on October 2. While most local shooters will be shot-out (pun intended), there will be a "regular" match in November on the 6<sup>th</sup>.

We had a very even distribution of shooters for this match with 5 in PCP, 4 in Piston, 7 in WFTF, and 7 in Hunter. We also had one Offhand shooter. Several interesting points: Ray Apelles had the overall high score, beating even the PCP shooters! Rex Gori was shooting a FWB300S and beat all the "high power" Piston shooters as well as the Hunter shooters. Ray Apelles got 18 out of 24 in the Pistol FT match -- the second-highest score was 5!

## Results:

<b>Class</b>	<b>Shooter</b>	<b>Score/60</b>
--------------	----------------	-----------------

### **PCP**

Thomas Jones	55
Hans Apelles	50
Al Otter	49
Keng-Hau Liu	47
C Burton	36

### **Piston**
