Weather: Over Cast and Cool, Light Sprinkle 1 hour before match ended, Only the slightest of breeze at 2mph at the most.

The Day was beautiful from a shooting point of view. There was virtually no wind. No Bright sun to create any horrendous shadows or sighting problems. A slight sprinkle came down 1 hour before the match ended. Hector and Veronica had to leave before they could finish the match but they were on a good track doing well with what they did complete. We had a number of new shooters and inexperienced shooters so the course was planned with them in mind. Still a number of challenging targets for the veterans but the majority designed to encourage the new blood in the sport. None of the Veterans cleaned the course so the ballance seemed good. I think we will keep this trend up to bring in more shooters. It also gives the experienced shooters a false sense of security to look at what should be an easy target only to miss due to lack of concentration.
