## Eastern Suffolk Competitive Airgunners Association May 26, 2019 Match Report

We had our first match of the 2019 season which should have been our second I have to get a calendar that shows all holidays. There was a question weather or not would this match go because of the weather they had been predicting dry weather then 60% rain and 20% rain thunder storms so the Saturday the day before the match both Tom Holland and I agreed that we should the match and I'm glad we did the weather was perfect well a little hot for my taste but that's me I like the cold. I started the setup the range Saturday late afternoon I got most of it done by about 6:30. The day of the match I got the range by 6:15AM to finish the setup and pull all the stings and make the targets worked, Tom Holland and Roel Jackson helped get the sight in range setup and ready for the shooters. The course I laid was for 11 lanes for a total of 66 shots average distance was 35.06 and the difficulty was 32.78 with 2 positional lanes 1 Standing and 1 Kneeling

We had a total of 10 shooters and the results are as follows
