

## Invicta July Match results

The heat is still bearing down on us in the South, but the woods at Invicta afforded a cooling place to shoot, even if it hid some breezes that caused some disappointment for some shooters! - Brad came out first thing and brought some spare targets out for the club as back-ups, unfortunately he has not recovered enough to the point where he can shoot, hopefully that will be soon. we had eleven shooters come out, and a very interested shooter/hunter that I think has already caught the FT bug! Harold had some equipment issues, but every cloud has a silver lining, and that was shining indeed for Roz, who got the top score of the day. After our usual tear down, we adjourned to the back deck to enjoy Miss Dottie's cooking, as always it was top notch. Our next match is August 25th, but before that we will be shooting at Roz's Hollow, not to be missed!
