

## NorCal Airgun Club – April 29, 2017

We had our AAFTA Sanctioned Match Saturday: 52 shots.

The weather was as good as to be expected this time of year. Sunny weather, cool in the morning warming up to around 78-80 F by 12.30. The course was set to a 28T and the wind was blowing pretty good, with gusts around 10 MPH or more and steady wind at 4-5 MPH with some periods of no wind.

High score of the day goes to Dave C. shooting Open class. Ronnie had the lead but didn't fill up his gun with air resulting in two missed shots combined with missing a 24T target on his last shot. Like a vulture, Dave swept in for the kill just waiting for Ronnie to mess up.

Jim C placed 1st in Hunter PCP again!! Nice shooting!!!

Charlie in Hunter Piston came out on top again nudging out a relatively new shooter by the name of Bob K. by only one point!! -- Close race gents.

Mark W. is taking up a new class; WFTF Piston and doing quite well just starting off shooting from a bag when he was used to shooting off sticks in Hunter class. It's a humbling experience we all know. But in time he will shine like he did in Hunter class.

Another new shooter by the name of Tom K is doing quite well. As a senior, he has started out shooting FT in Open class. His first match at Lone scored a 30, tis match at NorCal a 38. With only two matches under his belt, and doing fantastic.

Cameron K shot off of a bag but at 12x and scored a 40. Nice work! With his new 10-50 Hawke, it looks like he might be gearing up for another class.

### Match Photo:
