

September 19, 2015 Wild River FTC (Grants Pass, OR) Match Report:

We couldn't ask for better weather this match...the wind gods were sleeping with clear skies and mild upper 70's and low 80's. Gordon Stipe joined us from Thailand along with Mark Gravelle and Wayne Burns from the Ashland club giving us a nice turnout for a fun day of shooting Field Target. It was great to see Gordon again and the Ashland Desperados.

Our new Rhino faceplates and reduced killzone sizes made for a challenging course with a Troyer factor of 38+ for the pistol shooters and 35+ for the rifle shooters. Wayne Burns and Steve Ware did a good job of shooting 4/6 of the standing targets. One pig on lane 6 proved to be impossible, making it through the match without a mark on the paddle for the rifle shooters. We had our first ever target failure on lane 9 which was given to everyone. The course was very difficult for some of us that haven't shot FT for 3 or 4 months but it was fun.

Ron Silveira was the Match Winner and High Senior again with a nice score of 41/50 in Hunter Pistol Class beating Steve Ware's 37/50. Christopher Lovitt beat me and Gordon for the Hunter Rifle Title this month.

Our Boomer Turkey Burgers with all the fixin's and fresh fruit made for a tasty lunch.

Many thanks to all of our Field Target shooters; Thank you! So many of you work hard to setup/teardown and cleanup our range. Without your help it wouldn't be possible for me to run these matches. I appreciate each and every one of you!

RESULTS: JCSA Field Target Match September 19, 2015

Congratulations go to Ron Silveira with a PCP Hunter Pistol Class Field Target score of 41/50 score for the High score and High Senior match titles. Great shooting Ron!
