

WWCCA July 20 2008 Family Fun Shoot Report

We had ten shooters show up for our Fun Shoot in spite of the wet weather and all the participants had a wonderful time. Eric Sanders brought his daughters Shaina, Natalie and Emily along with him and Fritz their grandfather also joined in the fun. Dan Delproposto brought his wife Kim and daughter Alison for some practice with the Air Pistol. I had left the targets setup on the Air Gun range from Saturdays 70th Anniversary celebration which turned out to be a big hit in spite of the wet weather. We had set up paint balls on golf tee on top of our paper target stands and they seemed to be a big hit with the younger shooters. We didn't keep any scores this month in that we were just there for the kids and they had fun which is what a Fun Shoot is all about. Our next Field Target match is scheduled on August 17th and we hope to see you then.
