

## **Airgunning Atlanta Match Report - June 20, 2015**

The June Airgunning Atlanta match was a hot and humid affair even the wind didn't relieve the sauna like experience. Seven die hard field target shooters were on hand to enjoy sweating the day away while hunting metal critters on our 60 shot course in Covington.

Ron brought his friend Andy for his first field target match. He seemed to enjoy himself but may have been a little overwhelmed with information. I think he will be upgrading his equipment soon and come shoot with us again.

We also had Robert Crocker drive down from South Carolina to spend the day visiting and socializing but not shooting. It's always a good day when Robert is around to enjoy it with. All of us wish Robert all the best on his pending knee replacement surgery.

Scores as follows:

Hunter class:

Walt Roller Protarget. Simmons 3-12. 55/60

Open PCP:

Rob Seiden Steyr LG110 Sightron 10-50. 54/60

WFTF PCP class:

Ken Hughes Steyr LG110 Leupold 35x. 57/60

Doug Vinson Ripley AR5s March 8-80. 55/60

Ron spent the day on the course teaching Andy how to shoot field targets. Andy is the first new shooter to use our club loaner rifle that Rob generously purchased and set up. Thank you Rob! You sir are a huge asset to our club and the game of field target.

See everyone next time, until then be safe.
