

# BCSA August 14 Match Results

It was an Excellent day for a Field Target match!! We had reasonable temperatures (mid to upper 70's), lower humidity and cloudy to partly sunny skies.

We had 7 shooters on hand for this months match. There was a tricky breeze that kicked up a few times which threw off the shooters when they least expected it. The AfterHours Frog made a returning visit to the range from his long hiatus. He was tested prior to the match for function, and was within spec. The problem is, is that when you don't hit the KZ, he won't go down.....hmmm ;)!

There were a couple of Gamo targets that acted up during the match, but no one could figure out why. Guess it's time for some investigation! It was a fun match and a lot of advice, professional tuning and parts were handed out freely. The match concluded with the distribution of the raffle prizes. The winners of this months Noteworthy swinger targets were Art D. and Bill C. Enjoy gentlemen!

Only 1 match left for the 2010 season! The next match is September 11th, so come on out and enjoy the fun while you can!

Lane	Brand	Target	KZ	Yds.	Diff. Factor	T. Diff.	Notes
