

## **Boerne Field Target Club (BFTC) – March 22, 2015 Inaugural FT Match & Texas Grand Prix**

It had rained some on Saturday and the forecast called for dark skies on Sunday, yet we were greeted to a pleasant sunny day on Sunday morning... Perfect weather for some Field Target shooting!

Being a Texas Grand Prix, the Rifle course was challenging:

- 50 shots on 9 lanes, 2 shots per target
- 4 Kneelers, and 4 OFFHAND shots
- 35.73 Troyer; Avg Distance at 34.56 yds; Avg KZ at 1.08" (not a single 3/8" target)

Once we were done with the Rifle match (at around 1PM), we took a lunch break and prepared for the Pistol FT and Benchrest matches. Here are the stats from the Pistol FT match:

- 40 shots on 9 lanes, 2 shots per target
- 4 OFFHAND shots
- 34.54 Troyer (with a 1.75 PFT conversion factor); Avg Distance at 19.80 yds; Avg KZ at 1.09"
