A clear and warm day greeted the CASA bunch for a great day of ft.
 A 52 shot course was set and after a sight in session we began the match.
 Hmm. 52 shots is a long day in the heat for this old man but we
 persevered and even had some energy left for takedown.

I thought the course was reasonable in difficulty with some challenging longer targets and the usual 1/4" kill zone at 18 yards. Wind seemed to range between 1 and 4 mph but was manageable. I don't think i ever had to hold off outside the kill zone.

We had a couple of new shooters. Neal La Cour did very well for his first match. We will be watching you, Neal. Dave Shannon had his first FT experience. Hope we see him back. Lots of personal bests in his future.

We shoot again at Prado in two weeks, the second Saturday of July. Hope to see everyone there. We shoot in the shade!
