

The September 13th CASA Heaven's Ranch championship match was held under rather warm conditions. The temperatures reached about 104F by the end of the match with no shade around... Nine crazy shooters showed up for the match along with our club president, Larry Pirrone who came just to help set up. We had one brand new shooter(Ed) and two more entrants who have only been in another one or two matches(Danny and Richard). It is great to see new faces.

This 48-shot match followed AAFTA rules and guidelines The average Troyer factor was about 40, I believe, but the course did not look that difficult(appearances were deceiving...). There were 12 lanes with targets placed uphill, downhill and some on the flat sections(these targets were usually closer and their kill zones were small). Winds were variable but relatively light(1-6 mph). One lane was off-hand and another lane was kneeling.

The best part of the match was that just about everyone pitched in to set-up and, even more importantly, to tear down the course in this very hot weather. Great teamwork.

Kelly Hawe shot very well and outscored everyone. Our brand new shooter Ed Verastegui shot amazingly well for a first timer! Very strong performance by Art Burciaga in Hunter PCP as well. Results:

HUNTER PISTON

Jeff Carmello 31/48, Diana 54, Centerpoint 4-16, JSB 10.34

Richard Leon 8/48, Diana 54, Centerpoint 4-16. JSB 8.44

HUNTER PCP

Art Burciaga 37/48, USFT, Millett 4-16, JSB 13.43

Larry Albach 34/48 RAW TM1000, Hawke 8-32, Air Arms 10.34

OPEN PCP:
