

# DIFTA Match Report

June 19, 2010

The weather was excellent if a bit on the warm side (I live in the "mountains" of Maryland and am used to about 10F cooler temperatures -- where I live, 80 is a heat-wave). Very little wind to affect shots (or cool off shooters).

We shot pistol field target for the second time. This time we allowed shooters to pick any of the targets on a lane to shoot -- still with scoring being 1 for a face and 2 for a "kill." I had designed the course with most of the close targets being somewhat easier (i.e., larger) than for the typical course layout. This resulted in some higher scores for the rifle shooters (still nobody cleaned the course although Al Otter came close, missing an offhand shot).

The Maryland State Championship Match will be July 19<sup>th</sup>. Registration is available for \$20 before the match with "late" registration being \$25. The registration form can be found [here](#).

DIFTA plans on offering a denim shirt (like that for the Nationals) if enough are interested. The cost will be \$20/shirt for most sizes (some premium for larger/tall sizes -- see the [Nationals registration](#) for premium costs).
