A tie for NY State champion in the PCP division was decided by a shootoff between Mike and Bartek. Bartek prevailed after a few go rounds on the long shoot off target. It seems Mike was hitting low due to a lack of air. After the shoot off and course cleanup a buffet lunch was served by Laurie in the club house. While everyone was eating the awards were handed out. Congratulations to all the NYS champions.

After the awards, we opened up the floor for general discussions on FT and how to grow the sport. One idea that we will try for our May Match is to revitalize trooper Walsh's "Risk Reward" system during the match. The off-hand class will be eliminated for this match. For each shot taken during the match the shooter can decide to shoot the target in a supported position yielding 1 point for a knock down or in the Off-Hand position which will yield 2 points. The shooter that decides to shoot the entire course supported may loose to a shooter that shoots the entire match off-hand and knocks down greater than 50%. So the participants will have to stratagize each shot to gain the most points possible. Being too cautious can loose the match. For this match we will run the usual PCP, WFTF, Piston, Hunter, Pistol and Junior Divisions/Classes.

Another mention was to try to grow a team for support at next years World Championship in Italy. To that end I will try to setup a worlds course duplication for our August match so people will get a chance to practice before going overseas. Similar to our August match in 2007 when we did the same. See you in January for our Winter indoor - Outdoor match.
