Hi all we had our field target shoot Saturday 09-21-13 and I would like thank everyone that travels great distances to shoot with us its much appreciated.

The conditions for the match were very good not to hot or humid the winds were variable. The way we setup our course is so that 5 lanes the winds may be blowing left to right and 5 lanes may be blowing right to left.

We had small turnout on Saturday only 8 shooters most of the regular shooters were not able to attend, I think that having a shoot on Saturday shoot throw them off. The layout of the course started out as a 60 shot match but one of the targets was pulled so we ended up with a 58 shot match the layout was as follows.

Lane 1 Free Style Left 12 yards 1/2 Hit Zone - (12 are the number of hits out of 16)
