

Glorious sunshine and some very unusual winds met the nine shooters that came out, the wind caused problems for everyone except Harold, who, surprise surprise, won again, this time he was using his new Thomas that he just got a few days ago. Even though he only just got the rifle, that didn't stop his very credible score of 53/60, leaving everyone else in the dust.

Next week will be the Invicta match, and for most locals that is the last chance to warm up before the Nationals in NC - I know I speak for everyone from both clubs when I say I hope the serious weather forecast causes no damage to anyone there,
