

Invicta Match Report - June 13, 2015

We had a slight problem this month, Minor Hill has its annual Rodeo on the same date as our scheduled match - I contacted Roz and he very kindly agreed to swap dates for this month with the Good Ole Boys match so much appreciated Roz, thanks again! So please note we meet at Roz's Hollow on the 27th this month.

We had some nice surprises at this match, first one was Bill Liebko from Louisiana came up to shoot, en-route to Wisconsin, hope to see him again sometime soon, he always adds some humor to an event.

We had a total of twelve shooters attend, including a couple of new guys, hope to see you come back for more fun soon.

We beat the heat of the day, the woods heavy shading cooled us down quite nicely, of course that also meant it was quite dark on the course, I think it was a fair trade off.

Another nice surprises are Cliff Smith scored his highest score so far in his new class, way to go Cliff!

Yet another surprise, well shocker for pretty much everyone, that old has-been, yours truly managed a decent score for the first time in what seems like a decade, small wonders never cease!

David Brown had equipment issues, his parallax ring fell off, and while he put it back on, he didn't have time to do it accurately, despite that he still went on to shoot a very good score, his newly floated barrel on his Hammerli AR20 has proven to be a real winner.
