

September 28<sup>th</sup>. Invicta Match report - also known as even a blind squirrel finds a nut occasionally!

We had warm weather for the end of September, and it was the last schedule regular match for the year - FYI the Tennessee State will be October 26th at the Invicta grounds - Roz will be having a fun match Friday afternoon the day before, so a bunch of fun to end the season!!

Anyway, back to the match, we had ten shooters come out and enjoy the day, and just to make it interesting the wind was pretty dead for the first half the match, then it decided to show up.....

For once in a LONG while, your truly got top score, as I said, even a blind squirrel find a nut every now and then....

Brad shot his personal best, using his TX200, he beat Harold and Danny, I hope he does well at the Nationals next week.

Thanks to everyone who came out and supporting the club this season,

God Bless

David Slade

Match Winner

56/60 David Slade	Steyr LG110	Nikko 10-50	JSB 8.4
-------------------	-------------	-------------	---------

World Class PCP

56/60 David Slade	Steyr LG110	Nikko 10-50	JSB 8.4
-------------------	-------------	-------------	---------
