

NEFTC September 30, 2017 Match Report

This was the First official AAFTA Match for NEFTC. Despite the cloudy day and possible chance of intermittent rain in the morning we completed the event without any delay. During setup of the course there were sprinkles that cleared out before the start of the event.

We had 9 participants. The weather was cool and overcast with wind gusts that made the course tricky for long shots. Overall a great day for shooting in early Fall in CT. Temps around the 60's. Two new shooters attended (JR and Vasyl) and were very eager to shoot. Both enjoyed themselves and I hope to see them again.

We set the course up in the field and in a small wooded area for kneeling and standing. The layout was: 10 lanes with 3 targets per lane for a 60 shot match, 13 targets beyond 40 yards, 8 of those 13 were beyond 50 yards. The average yardage was 36.77 yards for a 31.73T w/o wind 37.82T with wind difficulty. The std. deviation was 6.29. We used donated targets from our Eastern Regional clubs in Long Island, NY (ESCAA), Salem, NY (Salem Pistol and Rifle Club) and Lebanon, CT (Connecticut Air Gunners). We only had one cold line and 2 targets were awarded points for being faulty intermittently. Not bad for the first time out with these targets.

I want to thank Leo for his help in allowing me to get this event to happen this year and all my fellow FT shooters, clubs and Match Directors in the North East.

Also, thank you to everyone for coming out and shooting with our Club and for staying to help with the take down and cleanup of the targets etc....

Hope to have another FT event sooner than later next season.

Match Results (60 shots):

WFTF PCP	Rifle	Scope	Pellet	Score
Leo Gonzalez	Hammerli AR20FT	Sightron 10-50x60	AA 7.87	33
Rosally Paulson	1720 Rifle	Mueller 8-32	AA 8.4	19
Unlimited PCP
