

PACIFIC COAST FIELD TARGET CLUB

AT BERGQUIST RANCH

9/17/2017 FIELD TARGET MATCH RESULTS

Ten shooters gathered at Bergquist Ranch in central California on a perfect morning to shoot field target. Driving up to the course past the wineries and eventually rising above the cloud layer into the rolling hills was an amazing way to start the day. The temps were idyllic in the low to mid 70s, the wind gods were kind offering light variable winds, enough to push you on some targets and then die down for the next shot.

The 52-shot course was set with challenging angles, some mild inclines, and very tough kzs throughout. There were 8 positional shots and quite a few shooters cleaned the offhand lanes! Nice shooting guys!!

After the match, John set up the wingnut challenge for everyone which was very challenging but super fun. Everyone sat in position at the sight in line and was assigned a wingnut fastened on a three-inch vertical bolt (which were mounted on a wooden frame). The first one to unscrew their wing nut won!

Many thanks to John for hosting us and to everyone who made it out and pitched in.

Results:

<u>NAME</u>	<u>RIFLE</u>	<u>SCOPE</u>	<u>DIVISION</u>	<u>TOTAL</u>
SCOTT SCHNEIDER	TM-1000	VIPER 4-16	PCP HUNTER	46/52
