The course was a 60 shot Match. Four lanes had 3 three targets each allowing the two closest for 12 fpe and under and the longer two were for +12 fpe rifles. The standing lane was four targets, one point each.

A good time was had by all and I hope everyone comes back and brings a new friend to the sport for the next one. It's worth the trip to enjoy the day outdoors with fellow airgunners. All skill levels are welcome. We anticipate our next shoot will be in June. Check our [website](#) for more information.
