

## **April 15, 2016 Wild River FTC (Grants Pass, OR) Match Report:**

Michael Niksch and his daughter Olivia Guseman were our guests for this week's airgun benchrest and Field Target matches. Michael is the maker of the famous "Thomas benchrest and FT rifles". Frank Kodl joined us for an introduction to the game and went away with a good experience.

We welcome anyone interested in the game to join us... we'll supply everything you need by sharing the equipment and knowledge with an experienced shooter for the day. Odd for us shooting on a weekday, especially on "TAX day"; however the weather cooperated and we had a nice day of shooting in southern Oregon.

Chris Lovitt was our Match Winner for the first time with a nice score of 39/50 in Hunter Rifle Class. Olivia had a great score of 29/50 for our first Junior entry; I understand the ground hog was her favorite target, good shooting Olivia. Michael Niksch is new to the game and shot a respectable score of 35/50 for a newbie in Open Rifle Class. Ron Silveira took High Senior and PCP Hunter Pistol Class Field Target honors with a score of 38/50.

Our Boomer Turkey Burgers with all the fixin's were great for lunch.

Many thanks to all of our Field Target shooters; Thank you! So many of you work hard to setup/teardown and cleanup our range. Without your help it wouldn't be possible for me to run these matches. I appreciate each and every one of you!

### **RESULTS: JCSA Field Target Match April 15, 2016**

Congratulations go to Chris Lovitt with a PCP Rifle Hunter Class Field Target score of 39/50 score for the High score. Great shooting Chris!
