

## February 21, 2015 Wild River FTC (Grants Pass, OR) Match Report:

The weather has been unseasonably warm in Southern Oregon this winter, upper 50's and lower 60's in mid February are too nice to stay home waiting for warmer weather.

The fair weather shooters stayed home again; seven shooters and a guest showed up to shoot our match in some difficult light and wind conditions. The low angle of the sun created darker lighting conditions and the wind was the worst I've experienced on our standard shooting course requiring a 10 mph hold-over at times. We did enjoy sunny skies and a beautiful warm afternoon.

Wayne Burns shot a nice 47/50 in PCP Open Class Rifle score... some great shooting in these conditions Wayne!

I shot my best score in PCP Hunter Class Rifle, including 5/6 in the offhand lane to set a new course record of 45/50 with my Air Arms S500.

Barbra Rodriguez shot her best score so far with a nice 34/50 with Steve's pistol for High Lady. Ron

Silveira beat Steve Ware in PCP Pistol Class Hunter Field Target with his newly regulated Crosman CPX 1720 Field Target Pistol shooting 8.4 grain pellets this year.

Damian McLean joined us for an introduction to Field Target. I shared my gun and equipment with Damian for an hour or so and he didn't miss a shot in 4 lanes of shooting; he had to leave early but we hope to see him shooting FT soon.

The cook forgot to bring the cheese again so we had Boomer Burgers with all the fixin's without cheese for lunch and Karen's excellent homemade potato salad. I did bring the plastic ware... always forget something; including my air tank this time.

Many thanks to all of our Field Target shooters; Thank you! So many of you work hard to setup/teardown and cleanup our range. Without your help it wouldn't be possible for me to run these matches. I appreciate each and every one of you!
